

The Business of Growing Flowers Course Module 6 - Making yourself more productive Lesson 2 Optimum productivity

There are times in your life when you are highly productive, and there are times in your life that you have to work round other things that will effect your productivity. Knowing what those things are will help you.

High Productivity	When is it likely to happen?	Can you make it happen more, or plan round it?
Low Productivity	When is it likely to happen?	Can you make it happen less, or plan round it?
