

# THE BUSINESS OF SELLING FLOWERS

The Business of Growing Flowers Course  
Module 3 More flowers from less work  
Lesson 5 Protected cropping

**What types of crop protection can you offer?**

- 1)
- 2)
- 3)
- 4)
- 5)

**What are your priorities when giving covered space (i.e stems per sq/m or time of year they are flowering)**

**What crops are you going to give most attention to? (could be very popular crops, or those you want to smooth their cropping season)**

- 1)
- 2)
- 3)
- 4)
- 5)

**Will you need to invest in more covered space? If so what are your issues and timeline? (e.g planning, cost, time, space)**

**Now create a planting plan of the next 2 years for your current and planned protected cropping space.**
